

Student's Name: \_\_\_\_\_

IMPORTANT NOTICE - PLEASE READ CAREFULLY

The Wildwood Crest School District is proud to offer a high quality public education to our residents. The Wildwood Crest School District has developed and implemented a strict Residency Verification Program to protect our community resources. The School District's objective is to ensure that only those children eligible to attend school in the School District are doing so and that any non-eligible students are appropriately removed from the attendance rolls. Please be advised that the School District will pursue all available options under the law against non-residents enrolling their child/children in the School District as well as against any individual furnishing false information for the purpose of enrolling non-resident students. Such options include, but are not limited to criminal prosecution, assessment of financial penalties and recoup of tuition for periods of ineligible attendance.

The residency Verification Program comprises, among other things, a thorough review of applications for enrollment, documentation verification, and periodic investigations, requests for validation of those previously determined eligible for attendance, and requests for additional information. In accordance with N.J.A.C. 6A:22-4.1, please be aware that any initial determination of the student's eligibility to attend school in this district is subject to more thorough review and subsequent re-evaluation, and that tuition may be assessed in the event that an initially admitted student is later found ineligible. If your student is found ineligible, now or later, you will be provided the reasons for our decision and instruction on how to appeal.

I certify that I have read and understand the above notice. Additionally, I agree to reimburse the School District its' full tuition cost should the student be found to be a non-resident.
