<b>Transportation Requests</b>	Choice District	Resident District	3/15/2023
<b>Student Registration with Choice District</b>	Parent or Guardian	Choice District	Determined by Choice District

**Late applications**

Districts may accept late applications after the **November 30, 2022**, deadline, however, no new applicants can be enrolled above the district's approved maximum enrollment for FY2024. Late applicants can be considered for enrollment only *after* those who applied before the deadline.

If, after the NJDOE data submission deadline of Jan. 21, 2023, any accepted choice students decide to drop their acceptance, the district may replace them with students on the waitlist, including students who applied after the application deadline - provided late applicants are considered *after* those who applied before the deadline.

**After the FY2024 Choice Enrollment Data Submission deadline, no additional choice seats can be added, with the following exception:** Districts that accept a student with a NJDOE-approved waiver of the application deadline may enroll the student at any time and *may exceed the district's approved enrollment maximum*. A student who is granted a waiver will be given

priority over any waitlisted students. Parents can request a waiver form by emailing [the Choice Program Office](#).

### **Tier 1 and 2 Definitions**

**Tier 1 students** are students who are enrolled in a NJ public school in their resident school district during the time of application and for at least one full year 2022-2023 immediately preceding enrollment in a choice district. If a student moved during the school year and attended the resident public school of his/her old district of residence, they are also considered Tier 1. Choice districts must first fill their available seats with Tier 1 students. If the number of Tier 1 applications exceeds the number of choice seats available, the choice district must hold a lottery to randomly select students. Charter school students are considered to be Tier 1. To qualify as Tier 1 for kindergarten, a student must be attending a *state-funded (tuition-free) preschool* in their resident district, a student resides in *a district that does not offer a state-funded preschool*, or a student has a sibling currently attending the choice district. **Most students applying for kindergarten are in Tier 1.**

**Tier 2 students** include NJ residents who have **not** attended their resident public school for the entire year immediately prior to enrollment in the desired choice district and do **not** otherwise meet the requirements for Tier 1. This would include students who have been attending public school outside their districts of residence or private school. **Choice districts are not obligated to accept Tier 2 students.** If a choice district accepts Tier 2 applicants, they may do so only after all the qualified Tier 1 applicants have been accepted. If the number of Tier 2 applications exceeds the number of choice seats available, the choice district must hold a Tier 2 lottery to select students.
